Pouria Jangjooymehrangiz

Frontend Developer

Riehlstraße 17, Berlin

puriyaj@gmail.com — GitHub — LinkedIn — Portfolio

About Me

Front-end developer with 5+ years of experience specializing in React and Next.js. Skilled in testing with Jest.js, I prioritize writing clean and responsive UI code. Proficient in TypeScript and JavaScript, with a strong foundation in SQL databases. Experienced in fetching data from REST APIs and GraphQL endpoints. Passionate about building dynamic webpages and implementing captivating animations. Proficient in Sass and Tailwind CSS for efficient styling and layout design.

Professional Experience

Frontend Developer

ByteWorks Technologies - Armenia - Yerevan   August 2022 - Jan 2024

- Developed responsive and intuitive user interfaces using HTML, CSS, and JavaScript frameworks, with a focus on React.js for dynamic frontends.

- Collaborated closely with the design team to implement pixel-perfect designs and ensure consistency across different browsers and devices.

- Implemented automated testing with Jest.js, writing unit tests for React components and Redux actions to ensure code reliability and quality assurance.

- Integrated RESTful APIs and GraphQL endpoints to fetch and manipulate data from backend services, ensuring efficient communication and data management.

- Implemented version control with Git and participated in code reviews to maintain code quality and ensure adherence to coding standards.

React Developer

EuroTech Solutions Ltd - Armenia - Yerevan   July 2021 - June 2022

- Spearheaded frontend development efforts using React.js for client projects, ensuring efficient and maintainable code.

- Collaborated closely with clients to gather requirements and translate them into scalable and intuitive user interfaces.

- Developed custom React components and reusable UI elements, optimizing performance and enhancing user experience.

- Integrated with backend APIs using RESTful services to fetch and manipulate data, ensuring seamless communication between frontend and backend systems.

- Implemented automated testing with Jest and React Testing Library, ensuring code reliability and quality assurance.

- Deployed continuous integration and deployment pipelines with GitLab CI, streamlining development workflows and enabling rapid iteration cycles.

Frontend Developer

CodeCrafters SAS -Iran - Tehran   May 2020 - June 2021

- Assisted senior developers in building web interfaces using HTML, CSS, and JavaScript, gaining hands-on experience in frontend development.

- Participated in team meetings and brainstorming sessions, contributing ideas and suggestions for improving project workflows and efficiency.

- Learned and utilized modern frontend frameworks such as React.js to enhance coding skills and productivity.

- Collaborated with backend developers to integrate frontend interfaces with backend services, ensuring data consistency and synchronization.

- Supported quality assurance efforts by performing manual testing and bug fixes, ensuring smooth and error-free user experiences.

Education

- Bachelor of Computer Science, Azad University
  Tehran - Iran , GPA:1.6   July 2020

- German Certification
  Technical University Berlin , Level : C1/C2   December 2023

Skills

- Javascript , node.js , Typescript

- React, React Native, Next.js

- HTML, CSS, SASS, Tailwindcss, Framer motion, THREE.js, Bootstrap

- Databases : SQL(MYSQL , PostgreSQL) , noAQL(MongoDB)

- Git ,GitLab CI/CD

- Rest.js

- Redux

- AWS

- GraphQL - Rest API

Soft Skills

- Teamwork - Communication
- Adaptability
- Problem-solving
- Creativity
- Time management / Self-organization

Languages

- English C1 (Advanced)
- Deutsch C1 (Advanced)
- Persian C2 (Native)
